

AYUSH Health Management Information System (A-HMIS)

October 21, 2020

What is A-HMIS?

- A-HMIS is a **comprehensive IT platform to effectively manage all functions of health care delivery systems and patient care in AYUSH facilities**
- It has been **created by the Ministry of AYUSH to get all the IT projects under one umbrella**

Key features

- It has an exclusive dashboard for citizens to interact and engage with AYUSH Health Services across India.
- It captures the data in real-time
- It is easy to use
- It is highly secured
- It integrates all the AYUSH systems
- It has inbuilt standards – a dual coding system

Significance

The initiative is poised to **emerge as a game-changer as it is the first of its kind citizen-centric service from the Government of India to provide Electronic Health Record and Personal Health Records facility** to the recipients of AYUSH Health Services catered through Research Councils, National Institutes and other related agencies under Ministry of AYUSH
