Recently India has announced 22mn USD to GFTAM for the 6th replenishment cycle(2020-22).

About GFTAM

- The Global Fund to Fight AIDS, Tuberculosis and Malaria was created in 2002 to raise, manage and invest the world's money to respond to three of the deadliest infectious diseases the world has ever known.
- The mission of the Global Fund is to invest the world's money to defeat these three diseases. The Global Fund is a partnership designed to accelerate the end of AIDS, tuberculosis, and malaria as epidemics.
- As an international organization, the Global Fund mobilizes and invests more than US\$4 billion a year to support programs run by local experts in more than 100 countries.

An innovative partnership

The Global Fund partnership model is designed to promote innovative solutions to global health challenges. Countries take the lead in determining where and how to best fight AIDS, TB, and malaria. Collectively, the Global Fund harnesses the best possible experience, insights, and innovation in the public and private sectors to respond to diseases and build resilient and sustainable systems for health.
