Source: GeM portal

GeM is a one-stop portal to facilitate online procurement of common use Goods & Services required by various Government Departments / Organizations / PSUs.

Aim

GeM aims to enhance transparency, efficiency, and speed in public procurement. It provides the tools of e-bidding, reverse e-auction and demand aggregation to facilitate the government users to achieve the best value for their money.

Key highlights about GeM

- GeM is a completely paperless, cashless and system driven e-marketplace that enables the procurement of common use goods and services with minimal human interface.
- Directorate General of Supplies and Disposals (DGS&D) with technical support of the National eGovernance Division (Ministry of Electronics and Information Technology) has developed GeM portal for procurement of both Products & Services.
- The portal was launched in 2016 by the Commerce & Industry Minister.
