In order to digitize its operations, Indian Railways has launched a new mobile app for its employees known as HRMS Mobile app

Key highlights

- The app will help the lakh of railway employees to check their employment record during the tenure of their job in the Indian Railways
- The app is **designed and developed by the Centre for Railway Information System (CRIS)**.
- All the employees of Indian Railways can now see data related to their service and communicate with the administration for any changes with the help of this app if required.
- This Mobile Application **allows the employee to view his historical data since his date of joining in Railways including details related to his Increments, Promotions, Awards, Transfers, Postings, Leave, Training, and composition of Family as per records and Nominations for retirement benefits.**
- This application will be a single-window communication system between Railway employees and Administration.
