Recently, the Ministry of Environment, Forest and Climate Change launched the “India Climate Change Knowledge Portal”.

About India Climate Change Knowledge Portal

- As per the ministry this portal will be a **single point Information resource** which provides information on the different climate initiatives taken by various Line Ministries enabling users to access updated status on these initiatives.
- The portal captures sector-wise adaptation and mitigation actions that are being taken by the various line Ministries in one place including updated information on their implementation.
- The knowledge portal will help in disseminating knowledge among citizens about all the major steps Government is taking at both national and international levels to address climate change issues.
- The **eight major components** included in the knowledge portal are:
 1. India's Climate Profile
 2. National Policy Framework
 3. India's NDC goals
 4. Adaptation Actions
 5. Mitigation Actions
 6. Bilateral and Multilateral Cooperation
 7. International Climate Negotiations
 8. Reports & Publications
