Prime Minister of India addresses the Indian Mobile Congress

The theme of 2020 edition: The title theme for IMC 2020 is Inclusive Innovation – Smart, Secure, Sustainable

About Indian Mobile Congress(IMC)

- India Mobile Congress is the largest digital technology forum in South Asia.
- It is the fourth edition of IMC
- **Organized by the Department of Telecommunications (DoT) and Cellular Operator Association of India (COAI)**
- It brings together top policy makers, global industry experts, academia, regulators and analysts to discuss and deliberate on critical industry issues that result in policy decisions and affect market trends in addition to inviting investments into the sector and driving innovations.
- Not only is India Mobile Congress the biggest technology event in South Asia, it is also the biggest networking event in India in the digital technology space.
- It comprises India's biggest technology exhibition, an international conference on digital technology and B2B/B2G networking meets; all this during three action packed days at New Delhi, India.
- The scale and scope of IMC makes it one of the biggest events in India, across various domains and sectors.
