

International Biodiversity day, 2021

May 24, 2021

In news- The International Day for Biological Diversity (IDB) was celebrated on May 22.

About the International Day for Biological Diversity-

- It is a United Nations sanctioned international day for the promotion of biodiversity issues.
- When first created by the Second Committee of the UN General Assembly in late **1993, 29 December** (the date of entry into force of the Convention of Biological Diversity), was designated The IDB.
- In December 2000, the UN General Assembly adopted 22 May as IDB, to commemorate the adoption of the text of the Convention on Biological Diversity by the Nairobi Final Act of the Conference.
- It falls within the scope of the UN Post-2015 Development Agenda's **Sustainable Development Goals**.
- The critical role of biodiversity in sustainable development was recognized in a Rio+20 outcome document, **"The World We Want: A Future for All"**.
- IDB 2021 theme – **"We're part of the solution"**.
- IDB 2020 theme was **"Our solutions are in nature"**.
