

Intersolar Europe 2022

May 14, 2022

In news-The Union Minister of State for Ministry of New and Renewable Energy has recently attended the Intersolar Europe 2022 held at Munich, Germany.

About Intersolar Europe-

- Intersolar Europe is the **world's leading exhibition for the solar industry.**
- Under the **motto "Connecting solar business," manufacturers,** suppliers, distributors, service providers and project planners and developers from around the world **meet in Munich every year to discuss the latest developments and trends, explore innovations firsthand and meet potential new customers.**
- It **takes place as part of The smarter E Europe** – the continent's largest platform for the energy industry. It focuses on photovoltaics, solar thermal technologies and solar power plants.
- It is **held in parallel to three other energy exhibitions – ees Europe, Power2Drive Europe and EM-Power Europe.**
- With more than 30 years of experience, Intersolar has the unique ability to bring together members of the solar industry from across the world's most influential markets.
- Intersolar exhibitions and conferences are held in Munich, São Paulo, Long Beach, Gandhinagar, Dubai and Mexico City.
- These global events are complemented by the Intersolar Summits, which take place in emerging and growing markets worldwide.
- The Indian Minister delivered a key note address at the investment promotion event "India's Solar Energy Market" on 12th May 2022 in Munich. The event was organized by the Indo-German Energy Forum (IGEF).

The smarter E Europe-

- “Creating a new energy world” – This is the goal of The smarter E Europe, Europe’s largest platform for the energy industry.
- The focus is on renewable energies, decentralization and digitalization of the energy industry as well as cross-sector solutions from the electricity, heat and transport sectors for a smart and sustainable energy supply.
- The smarter E Europe brings together a total of four exhibitions to give energy industry players from around the world a comprehensive overview of the latest developments and trends.
