

National Commission of Indian System of Medicine Bill, 2019

February 5, 2020

Source: *PRS India*

The Bill seeks to repeal the Indian Medicine Central Council Act, 1970 and provide for the regulation of education practice of Ayurveda, Unani, Siddha, and SowaRigpa

Key features of the Bill:

- **Establishment of National Commission for Indian System of Medicine: The Bill provides for the establishment of the National Commission for the Indian System of Medicine (NCISM).**
- **Composition of the commission:** The NCISM will consist of 29 members, appointed by the central government. A Search Committee will recommend names to the central government for the post of Chairperson, part-time members, and presidents of the four autonomous boards set up under the NCISM. These posts will have a maximum term of four years. Members of the NCISM will include:
 1. The Chairperson
 2. the President of the Board of Ayurveda
 3. the President of the Board of Unani, Siddha, and Sowa-Rigpa
 4. the President of the Medical Assessment and Rating Board for Indian System of Medicine
 5. Advisor or Joint Secretary in-charge of Ayurveda, Ministry of AYUSH, and
 6. three members (part-time) to be elected by the registered medical practitioners of Ayurveda, and one member each by the respective registered

medical practitioners of Siddha, Unani, and Sowa-Rigpa from amongst themselves from the prescribed regional constituencies under the Bill.

- **Composition of the search committee:** The Search Committee will consist of five members including the Cabinet Secretary and three experts nominated by the central government (of which two should have experience in any of the fields of Indian System of Medicine).
- **State Medical Councils for Indian System of Medicine:** Within three years of the passage of the Bill, state governments will establish State Medical Councils for the Indian System of Medicine at the state level.
- **Functions of the National Commission for Indian System of Medicine:** Functions of the NCISM include:
 1. **Framing policies** for regulating medical institutions and medical professionals of Indian System of Medicine
 2. Assessing the requirements of healthcare-related human resources and infrastructure
 3. **Ensuring compliance** by the State Medical Councils of Indian System of Medicine of the regulations made under the Bill, and
 4. **Ensuring coordination among the autonomous boards** set up under the Bill.
- **Autonomous boards proposed under the bill:** The Bill sets up certain autonomous boards under the supervision of the NCISM. **These boards are:**
 1. **The Board of Ayurveda and the Board of Unani, Siddha, and Sowa-Rigpa:** They will be responsible for **formulating standards, curriculum**, guidelines for setting up of medical institutions, and granting recognition to medical qualifications at the undergraduate and postgraduate levels in their respective disciplines
 2. **The Medical Assessment and Rating Board for Indian System of Medicine:** It **determine the process of**

rating and assessment of medical institutions and has the power to levy monetary penalties on institutions which fail to maintain the minimum standards. It will also grant permission for establishing a new medical institution, and

3. **The Ethics and Medical Registration Board:** It will maintain a National Register of all licensed medical practitioners of the Indian System of Medicine, and regulate their professional conduct. Only those included in the Register will be allowed to practice the Indian System of Medicine

- **Advisory Council for Indian System of Medicine:** Under the Bill, the central government will constitute an Advisory Council for the Indian System of Medicine. The Council will be the primary platform through which the states/union territories can put forth their views and concerns before the NCISM. Further, the Council will advise the NCISM on measures to determine and maintain the minimum standards of medical education.
- **Entrance examinations:** There will be a uniform National Eligibility-cum-Entrance Test for admission to undergraduate education in each of the disciplines of the Indian System of Medicine in all medical institutions regulated by the Bill. The NCISM will specify the manner of conducting common counselling for admission in all such medical institutions. Further, there will be a uniform post-graduate National Entrance Test which will be conducted separately for admission into post-graduate courses in each of the disciplines of the Indian System of Medicine in all medical institutions.
- **National Exit Test:** The Bill proposes a common final year National Exit Test for the students graduating from medical institutions to obtain the license for the practice.
- **National Teachers' Eligibility Test:** The Bill also

proposes a National Teachers' Eligibility Test for postgraduates of each discipline of Indian System of Medicine who wish to take up teaching that particular discipline as a profession.
