About National Informatics Centre Services Incorporated

- National Informatics Centre Services Incorporated (NICSI), a Public Sector Enterprise under National Informatics Centre (NIC), Ministry of Electronics & Information Technology (MeitY)
- NICSI started its journey in the ICT service industry on 29th August 1995.
- Providing end-to-end IT solutions for e-governance projects for Central and State Governments and other PSUs across India, NICSI extends its services to the International level too in certain projects.
- With a footprint in majority of eGov projects, NICSI is successfully sustaining and progressing forward in its vision and mission in suffice to the socio-economic development.
- Core services of NICSI include, IT Consultancy, Centre of Excellence for Data Analytics, Productization & International Promotion, Cloud Services, ICT product installations, Human Resource/Roll out/Training. Some of its key offerings extends to eOffice, eTransport, eHospital, ePrisons, eCourts

During the event, Union Minister Shri Ravi Shankar Prasad launched: TEJAS – A Visual Intelligence Tool, e-Auction India, Work from AnyWhere, NIC Products Portfolio and rolled out the Silver Jubilee e-Brochure of NICSI:

- **TEJAS – The visual intelligence tool, through the collaborative effort of NIC and NICSI** (CEDA), is completely developed in-house using open source technologies and bringing together the best features comparable to market leading BI tools.
 - The tool would be primarily used by Government Departments at various levels in the centre and state.
 - It will provide **State-of-the-art and powerful data analysis for officials** to design analytical reports and turn data into accurate analysis and smart visualizations.

- **e-Auction India:**
 - It caters to the electronic forward and reverse auction requirements of the Government departments and organizations.
 - It aims at transparency and non-discrimination amongst bidders, by allowing free access to auction documents, clarifications, online submission of quotes from any place on 24x7 basis, in a secured environment, adopting industry standard open technologies.

- **Work from AnyWhere Portal:**
 - WAW (Work from AnyWhere) Portal will ease and enhance accessibility of key applications to the Government employees.
 - WAW portal is built upon core workplace experience and creates a highly extensible environment for users to dynamically adapt to changing needs.
 - The virtual work environment, provisioned by WAW portal, will empower employees with all the key resources enabling them to access organizations' applications and data and communicate with fellow officials.
 - With the following objectives to achieve, WAW portal will facilitate quick transition to remote

workplace environments, while maintaining secured access to departmental applications.
