The Centre for Cultural Resources and Training (CCRT) is one of the premier institutions working in the field of linking education with culture. **Established in 1979, pioneered by Smt. Kamaladevi Chattopadhyay and Dr. Kapila Vatsyayan, it functions as an autonomous organization under the aegis of the Ministry of Culture,** Government of India. At the philosophical core of the CCRT lies a commitment to holistic education, encompassing the cognitive, emotional and spiritual development of children. To this end the CCRT **conducts education grounded in cultural knowledge** and understanding as conducive to clarity, creativity, independence of thought, tolerance and compassion.

CCRT's main thrust is to **make a variety of training programmes for in-service teachers, teacher educators, educational administrators and students throughout the country.** It also organizes special training programmes for the physically and mentally challenged children. The training programmes provide an understanding and appreciation of the philosophy, aesthetics and beauty inherent in Indian art and culture and focus on formulating methodologies for incorporating a cultural component in curriculum teaching. The role of culture in science and technology, housing, agriculture, sports i.e. in all aspects of development and growth is emphasised.
