

# National Rail and Transportation Institute

August 17, 2020

The National Rail and Transportation Institute (NRTI) is **India's first university focussed on transport-related education, multidisciplinary research and training.** Deemed to be University under the de Novo category, NRTI is specifically established to create a resource pool of best-in-class professionals for the railway and transportation sector.

## NRTI

NRTI will offer multi-disciplinary programmes designed to cater to the needs of India's transportation sector. The Institute will **follow a demand-driven curriculum, while aligning with industry priorities.** To ensure best-in-class delivery of education, NRTI will follow a highly experiential and unique interdisciplinary pedagogical approach, that incorporates the latest technologies such as live classrooms and online programs, and is delivered by high-quality faculty with global exposure.

NRTI is focused on **developing global and national partnerships with top universities and organizations** from across the world. This will enable access to the latest pedagogy and program design, and prevailing transportation related domain knowledge, innovations and research developments. NRTI has adopted an **interdisciplinary approach for research of transport systems**-it is bringing together academicians, scientists and engineers from various backgrounds, and plans to leverage its academic and industry partnerships and collaborations.

**The university will eventually have 5 schools/ departments namely Engineering & Applied Science; Humanities, Arts & Social Sciences; Transportation Planning & Design; Management**

**& Leadership; Transport Policy and Law, and house several centres of excellence in Transportation, Technology, Operations and Communications** in partnership with leading universities and institutions from around the world.
