

NITI Aayog Health Index, 2021

December 28, 2021

In news- NITI Aayog, recently released the fourth edition of the State Health Index for 2019–20.

About the index-

- The report, **titled “Healthy States, Progressive India”, ranks states and Union Territories on their year-on-year incremental performance in health outcomes as well as their overall status.**
- The index has been **compiled and published since 2017.**
- The **objective of the Index is to track progress on health outcomes and health systems performance**, develop a healthy competition and encourage cross-learning among states and UTs.
- It aims to nudge states/UTs towards building robust health systems and improving service delivery.
- Round IV of the report focuses on measuring and highlighting the overall performance and incremental improvement of states and UTs over the period 2018–19 to 2019–20.
- **It was developed by NITI Aayog, with technical assistance from the World Bank, and in close consultation with the Ministry of Health and Family Welfare (MoHFW).**
- It is a weighted composite **index based on 24 indicators grouped under the domains of ‘Health Outcomes’, ‘Governance and Information’, and ‘Key Inputs/Processes’.**
- Each domain has been assigned weights based on its importance with higher scores for outcome indicators.
- Among the Larger States, **Kerala, Tamil Nadu and Telangana** emerged among the best three performers in terms of Overall Performance.
- **Uttar Pradesh** ranked at the bottom (Rank 19) in Overall

Performance, **however, it ranked at the top in terms of Incremental Performance** by registering the highest incremental change from the Base Year (2018-19) to Reference Year (2019-20).
