

QS World University Rankings 2022

June 10, 2021

In news

QS Quacquarelli Symonds, global higher education analysts, has released the 18th edition of the world's International University rankings.

Quacquarelli Symonds (QS) World University Rankings

- The Massachusetts Institute of Technology achieved a record-extending 10th consecutive year as world number-one.
- The University of Oxford has risen to second for the first time since 2006, while Stanford University and the University of Cambridge share third spot.
- This year, rankings listed the world's top 1,300 universities – 145 more than in the last year's edition, which can be found in 97 locations.

Indicators : QS uses six indicators to compile the ranking:

1. Academic reputation (AR).
2. Employer reputation (ER).
3. Citations per faculty (CPF).
4. Faculty/student ratio.
5. International faculty ratio and
6. International student ratio.

Rankings of Indian Universities
