

Ramagundam Urea Project

July 3, 2020

Ramagundam Fertilizers and Chemicals limited (RFCL) is an upcoming **gas based urea unit** of 12.7 Lakh MT per annum capacity at **Ramagundam, Telangana**. Once completed, the project will realize the vision of making 'Atma Nirbhar Bharat'.

Ramagundam Urea Project

It is a **Joint Venture Company (JVC)** promoted by **National Fertilizers Limited (NFL)**, **Engineers India Limited (EIL)** and **Fertilizer Corporation of India Limited (FCIL)**. The foundation stone of the project was laid in 2016. Once completed, the RFCL project will reduce India's dependency on imported urea, save foreign exchange and create jobs.

- EIL shall provide Engineering Procurement Construction Management (**EPCM**) services to RFCL for execution of the Project.
- NFL shall provide **marketing services** to RFCL in relation to the products produced by the JVC.
- FCIL executes the **concession agreement and the lease deed** in favour of the RFCL. FCIL shall also be responsible for handing over the existing usable assets at the land to RFCL, free of all encumbrances.
- Both EIL and NFL shall assist in **operations and maintenance** activity (O&M) as per the requirements of RFCL.

The Government of India had announced **New Investment Policy (NIP), 2012** to facilitate fresh investment in the urea sector and to make India self-sufficient in the urea sector. Under NIP, 2012, Govt of India is reviving the 5 closed fertilizer plants. The Five Public Sector Units under revival are:

- . **Ramagundam Fertilizers and Chemicals Limited (RFCL)**

. Talcher Fertilizers Limited (TFL)

. Hindustan Urvarak & Rasayan Limited (Gorakhpur, Barauni and Sindri)

After commissioning, Ramagundam project along with other revival projects at Gorakhpur, Barauni, Sindri and Talcher will **reduce the need for urea import by 63.5 LMT per annum.**
