

Scientific Utilisation through Research Augmentation-Prime Products from Indigenous Cows (SUTRA PIC)

April 27, 2020

Context: Over 100 scientists across the country signed an open appeal, urging the Union Ministry of Science and Technology to withdraw its programme on research on indigenous cows

- The programme on research on indigenous cows is called SUTRA PIC or Scientific Utilisation Through Research Augmentation-Prime Products from Indigenous Cows.
- Led by the Department of Science and Technology, it will be funded by several ministries.
- For the programme, the department has called for research and development **proposals in five areas:**
 1. The uniqueness of Indigenous Cows
 2. Prime-products from Indigenous Cows for Medicine and Health
 3. Prime-products from Indigenous Cows for Agricultural Applications
 4. Prime-products from Indigenous Cows for Food and Nutrition
 5. Prime-products from indigenous cows-based utility items
- It follows five **thematic areas:**
 1. Scientific research on uniqueness of Indigenous Cows.
 2. Scientific research on Prime-products from indigenous cows for medicine and health.
 3. Scientific research on Prime-products from

indigenous cows for agricultural applications.

4. Scientific research on Prime-products from indigenous cows for food and nutrition.
5. Scientific research on Prime-products from indigenous cows-based utility items.
